The bar has a Professional Amplifier + VOID speaker system. To access the sound system, all you need to do is pair your music device (iPhone, computer, etc.) with the amplifier via the BLUETOOTH connection.

MAIN

HOUSE

LIVING ROOM

A very spacious living room, an atmosphere of well-being, an infinitely relaxing view between sea and greenery.

A library, a professional-quality music that's easy to access (Bluetooth), a fireplace for the winter season, underfloor heating, and huge, soft sofas, to sink into.

In summer, this same lounge, like the rest of the house, is cooled by air-conditioning judiciously positioned to ensure that you never have cool air on your head.

THE WALLS ARE ADORNED WITH
HIGH-QUALITY WORKS OF ART.

OUTDOOR

AREAS

OUR GARDENS

This masterly garden inspired by the great garden architect WIRTZ
is a constant invitation to wander.

The "Ibicenco" garden, with century-old trees including :
olive trees, oak trees, carob trees, various fruit trees and thousands of
plants from Ibiza fish ponds maintained all year round. An African
lawn that feeds on water from the dew and absorbs all the water during
storms. A tennis court and a petanque court....

A place of wanderers.

TRAINING

Hacienda Puig Redo has been operated by a management team for over 30
years and has the great advantage of knowing the best coaches in various
disciplines: YOGA, TENNIS, AQUAGYM , MASSAGES. The best professionals will
be happy to guide and support you in your daily training for mind, body and
spirit.

INTO THE NATURE

Discreetly nestled in an area of outstanding natural beauty, the peace and energy of this property are tangible, and the aromas of flowers and pines are truly blissful in the luxurious garden.

TECHNOLOGY

HOT AND COLD

Hacienda Puig Redo is very respectful of nature conservation, so it's not surprising that it has the highest standards in terms of greenhouse gas reduction. Hacienda Puig Redo uses solar panels, heat pumps and photovoltaic panels to produce heat, hot water and heating. We have underfloor heating. No space is without the comfort of heat and cold. Cooling is also produced by heat pumps.

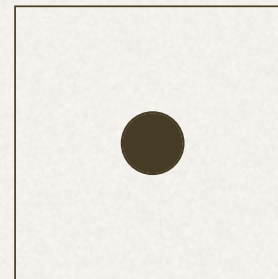

Heat pumps

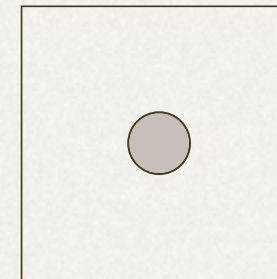

Underfloor
heating

INTERNET AND WIFI

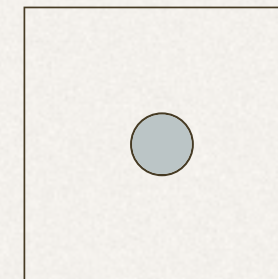

Supplied by the provider (ISP = Movistar) of fibre optics, 23 of the most powerful antennae (brand MESH) are connected to the power station by a network of fibre optics inside the property.
